

# SAVE THE DATE

## Parenting Children with Health Issues

Friday, September 10, 2010

8:00am-4:30pm

Sutter Health University  
2700 Gateway Oaks Dr. Suite 2600, Sacramento 95833

**Dr. Foster Cline, child psychiatrist and co-founder of the Love and Logic Institute and Lisa Greene, co-author of Parenting Children with Health Issues**

Dr. Cline is an internationally renowned child psychiatrist as well as co-author of Parenting Children with Health Issues.

Lisa Greene is his co-author and a parent of two children with cystic fibrosis. They will address handling refusals to take medication, strategies for preventing arguments and avoiding power struggles, promoting responsibility without nagging or lecturing and enabling children to make good self care decisions.

**Class is open to parents, caregivers and clinicians working with children with chronic health issues.**

Breakfast, lunch and class materials are included.
